

**Stanley Ip**  
**Chief Financial Officer**  
**Datacraft Asia Ltd**

Mr. Ip was appointed Chief Financial Officer of Datacraft Asia in April 2008. In his role as CFO, he is responsible for the overall operational and statutory controls of the group's accounting, finance, investor relation and administrative functions.

He brings to Datacraft 27 years of financial management experience in U.S. and Asia Pacific headquarters, as well as country operations in the Asia Pacific region. Prior to Datacraft, Mr. Ip was the Senior Finance Director for Asia Pacific region of Sun Microsystems Inc.

During his 19 years of career with Sun Microsystems, he had set up two joint ventures in Philippines and Indonesia in the 1990s, led the regional finance integration team in the Storagetek acquisition in 2006, and served as the leader of Sun's APAC Finance transformation initiative in 2007. Mr. Ip had also worked previously in Occidental Chemical Far East Limited and Ernst & Whinney, both in Hong Kong.

He graduated with Bachelor of Commerce from the University of Toronto, Canada.
